

GETTING STARTED ON SAFERWATCH

- **Step 1- Find the applications store on your mobile smart phone**

- **Apple phone**

- Enter the “App Store” by clicking the blue icon on your phone’s homepage

- **Android phone**

- Enter the “Play Store” by clicking the white icon on your phone’s homepage

- **Step 2- Locate and download the SaferWatch App**

- Search for “SaferWatch” in the applications store, and download
- Once downloaded, the SaferWatch icon will appear on your phone’s homepage

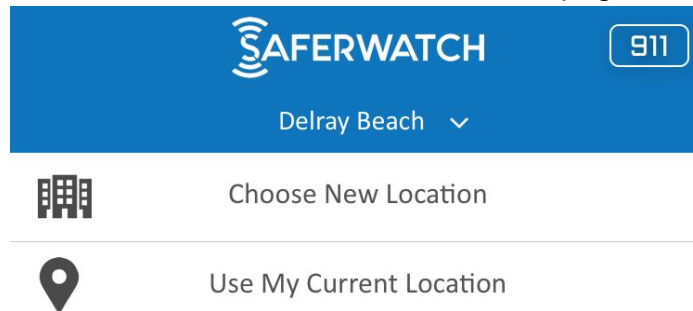

- **Step 3- Create your SaferWatch account**

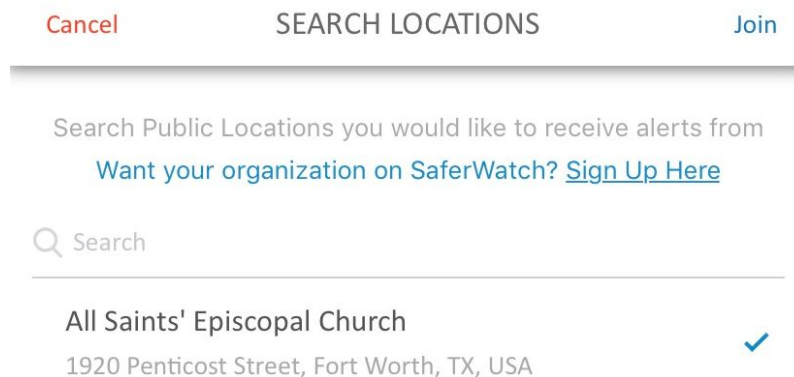

- Open the SaferWatch application by clicking on the icon to launch the application
- Input your name, email address, and any other requested information you'd like to provide
- Sign into the application successfully

- **Step 4- Subscribe to Locations (your City, your Neighborhood, etc.)**

- Click "Choose New Location" from the SaferWatch launch page

- Search for your Church, and select "Join"

- Once you have "Joined", your Church will appear under your Subscribed Locations. This will allow you to receive any alerts sent to your Church, regardless of where you physically are at the time the alert is sent.
